

PRODUCT INFO

CLIP-IN 45 PERFO Q

- Square perforations of 4 mm with an interval of 5 mm. Free passage of 30%.
- Other perforation patterns available on request.
- The four edges are bevelled off at a 45° angle. This creates a V groove between the tiles.
- Due to the high degree of permeability of the Q tiles, they are extremely well suited for use as ventilation extraction tiles. Also available with plenum.
- Provided with a glued-in acoustic membrane.
- Pre-painted finish.
- Each panel is covered in a foil that is easy to remove in order to prevent any damage.
- Standard colour metallic silver or white. Other colours available on request.

600 x 600 mm	45003
