

PRODUCT INFO

ALPHA L
alpha CLIP-IN 90

47200C
side panel

- Side panel.
- Made of 3 mm thermal-shaped material.
- The alpha panels are illuminated with the lighting module (art. 46170). To be ordered separately. These modules can be delivered dimmable (art. 46171).

■ Alpha H □ Alpha L

- The different ALPHA panels give you the freedom to create different compositions. These examples above show some applications of wall, contour and linear lighting. Combined with the light control, the ALPHA turns every space into a unique concept.
