

CLIP-IN CEILUX 45 INOX

Our stainless steel ceilings combine ultimate hygiene with refined elegance. Perfect for areas with the highest hygiene standards, these ceilings create a seamless whole with stainless steel work surfaces. The result is a professional environment that not only complies with the strictest HACCP standards, but also has a luxurious look befitting high-end kitchens and food-related spaces.

- Full tiles without perforations.
- The four edges are chamfered at an 45° angle.
- This creates a V-groove between the tiles.
- Inox finish.
- To prevent damage, each tile is fitted with an easily removable film.

600 x 600 mm	85000
