

PRODUCT INFO

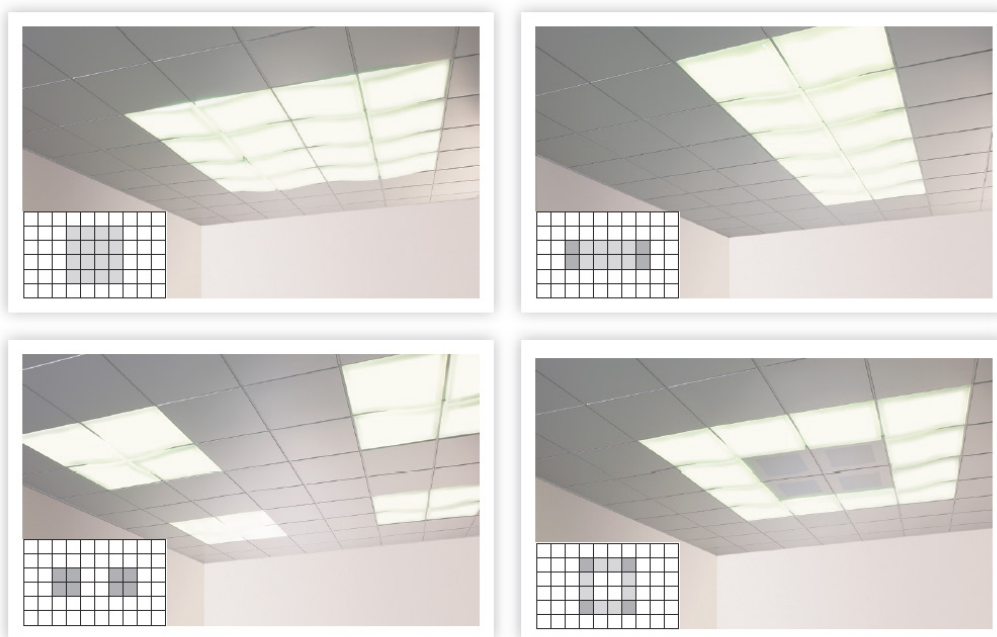

ALPHA M

alpha LAY-IN FLAT - DROP - COLORLINE

47201C
middle panel

- Middle panel.
- Made of 3 mm thermal-shaped material.
- The alpha panels are illuminated with the lighting module (art. 46170). To be ordered separately. These modules can be delivered dimmable (art. 46171).

■ Alpha H □ Alpha L

- The different ALPHA panels give you the freedom to create different compositions. The examples above show some applications of wall, contour and linear lighting. Combined with the light control, the ALPHA turns every space into a unique concept.
